2016-09-08-Chapter 07- UrthPang&Elementals- Needs10Sketches- Comments	Ch 7.1, pg 1	Sketch? Something that conveys the Big Bang theory. A diaphanous membrane with a hole in it, and rays/blobs/ tiny groups of light, representing the Omats being dispersed in every direction streaking out into blackness in all directions? The perspective is the universe that contains Urth & Pang is coming straight towards the viewer. Perhaps it is just the largest one coming at the viewer? Too complicated?
